Dear Parents/Guardians,

This letter is to inform you that a student in your child's classroom has a severe food allergy to peanuts and/or nuts. Exposure to peanuts and /or nuts may cause a life-threatening allergic reaction that requires emergency medical treatment. We respectfully ask that you not send any food containing peanuts or nut products to school in order to prevent a life-threatening allergic reaction. As well, if your child has eaten peanuts and/or nuts before coming to school, please be sure your child's hands and face have been thoroughly washed before arriving at school.

No peanuts or tree nuts will be served from our nutrition program. Penhold Elementary School is committed to the safety of all our students, and we continue to be mindful of students and their allergies.

Your help is much appreciated in providing this student with a safe school environment and we thank you for your assistance in helping us deal with this very important matter.

Please contact your child's teacher or the office (403-886-4390) if you have any questions.

Respectfully,

Mrs. Lisa Baird- Principal
